

# A Guitar Hero for a New Generation!

In the spirit of Guitar Legends Eric Clapton, Jimi Hendrix, and Stevie Ray Vaughn, we introduce to you --

## TOMMY ODETTO

**TOMMY ODETTO** is a man possessed by passion and plays the guitar like his life depends on it every single night. As a little boy, Tommy was inspired by guitar greats including the aforementioned Clapton, Hendrix, Vaughan as well as Carlos Santana, B.B. King, Muddy Waters and so many more. He realized from that early age that his purpose on this earth was to lift people's spirits with music. Tommy doesn't want to just impress an audience. He wants to move them. His talent is authentic and genuine, passionate and raw. And just like all the greats ... he leaves it all out on the stage.

Odetto recently dropped his newest EP, **SOUL ON ARRIVAL**. The new EP shows a newer, more seasoned, fine-tuned and mature Odetto. A spectrum of great original music, it includes *Howlin' and Hollerin'* and *Done Somebody Wrong*, reminiscent of gritty blues classics; *On the Run*, *Hold On* and *Lead My Way* bringing new generation of true rock; and not to be missed is the haunting *Crying in the Rain*, a deeply personal account of his journey to the other side of addiction. Co-produced with engineer Jeff Hamilton (Beatallica & Violent Femmes) and percussionists Daxx Nielsen (Cheap Trick) and Johnny Radelat (Gary Clark Jr.) **SOUL ON ARRIVAL** is an energetic hybrid of the Blues shaken with searing guitar rock of the 1960's. This new work is available now on all streaming platforms as well as self-published CD, which included bonus tracks best-known pieces from his previous efforts; **EUPHORIA** (2015) and **CURSES AND REVELATIONS** (2017).

*"Odetto has an earnest tone that carries the spirit of generations of blues artists that have come before him."*

*— Allen Halas, Breaking and Entering*
